

Stubblefield Repeater Club Net Preamble for 147.000 Wednesday at 9:00pm

<You Call Sign >.... Is this repeater in use?

CQ, CQ, CQ this is <Your Name>, my callsign is <Your Call Sign>, and I will be operating as KF4UTJ, net control for this session of the Stubblefield Repeater Club and Shelby County ARES Net.

This net is being transmitted on the Shelbyville repeater with a frequency of 147.000, a positive offset and a tone of 173.8. Linked with Graefenburg 443.550, a positive offset with a 123 tone and Spencer County 443.825, a positive offset with a tone of 118.8.

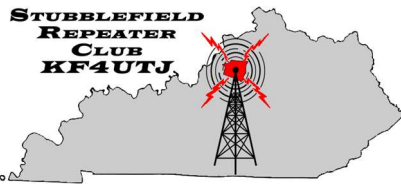

The purpose of this net is to provide supplemental communications to local agencies if requested and provide weather reports to the National Weather Service during severe weather. All amateur radio operators are encouraged to check into the net.

In case of emergency during the net, call break-break, your call sign and state your emergency traffic, then standby for net control to assist you.

(Any announcements from the net control operator, prior to calling for check-ins)

We will now begin check-ins. Stations will be called alphabetically by the first letter of their callsign suffix. When checking in with net control, please give your callsign, your callsign phonetically, your name, and county of operation. If you have any traffic or comments, please list it with the net control operator.

Reminder, this is a linked system. Please allow 1 to 2 seconds after pressing the microphone button before talking to allow all links and repeaters to activate.

**Stubblefield Repeater Club Net Preamble for 147.000
Wednesday at 9:00pm**

(Net control needs to acknowledge each station checking in. Allow a few stations to check-in, then hold check-ins to acknowledge the last stations that have checked in.)

- EchoLink, Allstar, mobile or portable stations only, please call KF4UTJ at this time.
- Stations Alpha through Mike, please call KF4UTJ at this time.
- Stations November through Zulu, please call KF4UTJ at this time.
- One last call before we close the net, any station Alpha through Zulu, please call KF4UTJ at this time.

I want to thank everyone for checking in and invite you to return next Wednesday at 9:00 PM local time. The net control operator next week will be _____.

(Please check <https://stubblefieldrepeaterclub.org/nets/> before the net to see who the net control operator for the following week will be.)

This is <Your Call Sign> for KF4UTJ, closing the net at <local time> local time and returning the repeater to normal amateur use.
